APPENDIX

VERSION WITH MARKINGS TO SHOW CHANGES MADE

IN THE CLAIMS:

The claims are amended as follows:

1. (Twice amended) A method [of]for previewing a print data, comprising the steps of:

obtaining print data which can be printed by a printing device, and spooling the print data into a predetermined memory;

converting the spooled print data into display data of a predetermined structure, and displaying the display data on a displaying device;

editing the display data which is being displayed, on the basis of [edited data]an edit instruction data which is input at the display; and

inversely converting the edited display data into a structure of the spooled print data.

Claim 17 is added as a new claim.
